Molasses-Fed Beef On Sale In WPB

WEST PALM BEACH, Fla., March 26—Indicative of Florida's fast-growing cattle industry is the signs in local markets featuring "Florida Molasses Fattened Cattle" in preference to the familiar "Western Beef."

In display ads this week, Smith, Richardson & Conroy, Inc., lessees of the city-owned slaughter house, certify that they have furnished local markets with Florida-fed cattle, fattened on molasses and other feeds developed by the United States Sugar Corp.

Superiority to beef raised in Western states is claimed for locally raised cattle both in flavor and texture.

Ford Visits State For Recreation

FT. MYERS, March 26.—(FNS)—Henry Ford, whose gigantic industrial resources are now given over entirely to the production of planes, tanks and other war materials, visited here last week and with his wife toured about the state. Ford has long turned to Florida for rest and recreation and his example could well be followed by other industrial leaders when time comes for their "Civilian Fourough."

A STATEMENT FROM OFFICIALS OF Pahokee-Canal Point Defense Council

To The Citizens of the
Pahokee-Canal Point Area

We present herewith a full and complete report of the chairman of the budget and finance committee. It will show in detail the expenditures made since organization of the council through March 25, 1942.

Co-operation on the part of many of our citizens has been splendid and those of us, who are carrying on the work of the council, sincerely appreciate the material support you have given us. But, there is more work to be done.

It will be necessary in the immediate future to purchase three air raid sirens at a cost of approximately \$800 and another \$250 must be forthcoming for a first aid station. We know you will not fail us in this effort.

The monthly expenses of the defense council office aggregate a sum in the neighborhood of \$100 to \$150 in cash. Donations must continue to come in if we are to carry on the work so vital to defense and final victory in our war against the Axis Powers.

Feeling that you are entitled to know first-hand what becomes of your donations, we are happy to present this financial report and offer it for your perusal.
